Private School Aid Service or PSAS was founded in 1975 as a company specializing in need analysis for private grade schools and high schools. The PSAS management team has over 80 years of combined financial aid experience and uses its expertise to provide an objective and uniform need evaluation, resulting in a realistic idea of how much each family can afford to pay toward private education. The tool used to calculate affordability is the PSAS Need Analysis System, a process that has evolved over twenty-five years.*

PSAS provides service to approximately 4000 private, parochial and Christian schools. Excerpt from: <https://www.psas.org/index.aspx>
