

2012 SCIENCE FAIR FORM V (Vertebrate Subjects)

This form must be completed for any Science Fair project using vertebrate subjects (fish, reptiles, birds, or mammals – except humans).

Attach this form to the Science Fair Project entry form.

Student(s) Name:

School:

Teacher (Sponsor) Name:

Title of project:

Student's statement:

Briefly describe your project, with special attention to how vertebrate subjects were **passively observed**. Tell where you got the animals; and describe how you minimized risk of injury and discomfort while they were the subject of your project.

Student signature: _____ Date _____

Student signature: _____ Date _____

Teacher's (or sponsor) statement:

I carefully reviewed this project with my student before the project was conducted, and am satisfied that the student understood proper humane care of vertebrate subjects and would provide proper care during the project. Only **passive observation** as stipulated in the **VCMS Science Fair Rules for Middle School Projects** was conducted.
